WHAT'S NEW at

Chevy Equinox

The all-new Equinox is here to help you do the activities you want to do. Its spacious and versatile interior provides comfort and convenient driver technologies. Add a dynamic, eye-catching exterior and you've got a crossover SUV loaded with smart style and practical dependability. It's Equinox taken to a whole new level.

More details on page 5.

Ford Explorer

The adventure continues. Ford Explorer® – America's all-time best-selling SUV—sets a new standard again with an updated lineup of models, all featuring a redesigned interior, advanced new technology and bolder exterior styling to create Ford's best Explorer yet.

More details on page 15.

Ford Expedition

Completely redesigned the Expedition has a bolder, sleeker and more athletic exterior. Inside, the all-new interior features a reimagined instrument panel design and soft-touch features. The combined result is a vehicle that enriches everyday moments, brings the family closer together, and helps create memories that last a lifetime.

More details on page 15.

Ford Mustang Mach-E

Mustang Mach-E is the future of driving. This fully electric vehicle combines the versatility of an SUV with head-turning design throughout, a connected experience and zero emissions. Mustang Mach-E inspires choice, offering standard-range and extended-range batteries, RWD and eAWD, along with the performance-based GT lineup when buyers demand aggressive acceleration and torque.

More details on page 18.

Nissan Frontier

Now available at Military AutoSource, the Nissan Frontier® is a mid-sized pickup truck that's ready to tackle any terrain with a 310-hp V-6 engine, a nine-speed automatic and the measurements of a true 4x4. Durable, capable and a great worksite companion, just a few of the many reasons that the Frontier® was named Cars.com's Best Value Mid-Size Pickup Truck.

More details on page 30.

Nissan Pathfinder

MAS now offers the Nissan Pathfinder, a handsome SUV that's roomy, quiet and is rated an IIHS Top Safety Pick+ thanks to the plentiful list of driver-assistance features. With room for up to eight passengers, the Pathfinder offers comfort, space and is adventure-ready when you are.

More details on page 30.

CHEVROLET

Malibu

EXCEPTIONAL EFFICIENCY WITH ADVANCED SAFETY FEATURES

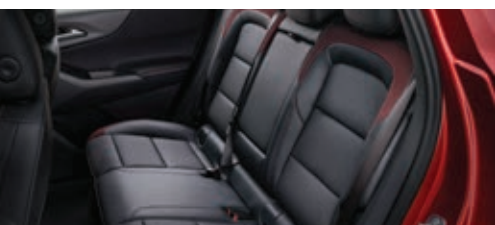

- The 1.5L Turbo engine brings efficiency and power to this midsize car. 28 MPG in the city and 36 MPG on the highway.
- Comes standard with Chevy Safety Assist, a suite of advanced safety and driver assistance features such as Automatic Emergency Braking, Lane Keep Assist with Lane Departure Warning and IntelliBeam® Auto High Beams.
- The Chevrolet Infotainment System easily integrates with your Apple and Android devices, so your apps and contacts are never more than a touch away.

SCAN HERE

CHEVROLET

Equinox

PERFECT BALANCE OF CAPABILITY AND MODERN TECHNOLOGY

- Along with a spacious, detailed-focused interior and a distinctively stylish exterior, the Equinox has the goods under the hood to make every trip fun and everyday driving exciting. 26 MPG city and 31 MPG highway.
- A more confident journey begins with standard Chevy Safety Assist, a suite of six advanced safety and driver assistance features such as Forward Collision Alert, Automatic Emergency Braking and Lane Keep Assist.
- The standard Chevrolet Infotainment System is your hub for connected technology that seamlessly integrates your smartphone's apps, music and more with your vehicle.

SCAN HERE

Pacifica

NAMED TOP SAFETY PICK+ BY IIHS

- With an athletic exterior appearance, available all-wheel-drive (AWD) capability paired with class-exclusive Stow 'n Go® seating, Pacifica is the undisputed industry leader.
- The Pacifica achieved the highest possible rating in all six IIHS crashworthiness test. Its standard automatic emergency braking (AEB) was graded as "superior" due to its advanced combination of camera and radar technology.
- Amazon Fire TV is now available for the Chrysler Pacifica, allowing passengers to stream videos, play games, listen to music, get information and watch downloaded programs—all while on the road.

SCAN HERE

Durango

A MIGHTY MUSCLE MASTERPIECE

- With standard seven-passenger seating and second-row captain's chairs available on GT and R/T models, the seats in the Dodge Durango can be configured in multiple ways.
- 60 available safety and security features, including standard blind spot monitoring, seven standard air bags, full-length three-row side-curtain airbags and available forward collision warning with crash mitigation.
- Apple CarPlay® and Android Auto™ are standard on all Durango models and with a 10.1-inch touchscreen that's nearly 20% larger than Uconnect® 8.4-inch touchscreen that's standard on the R/T and Citadel.

Mustang

7TH GENERATION AMERICAN SPORTS CAR

- ▶ The all-new Mustang is the most exhilarating and fun-to-drive yet! It delivers a chiseled aerodynamic exterior design, a driver-centric interior and driving excitement with new advanced engine technologies.
- ▶ Comes equipped with Ford Co-Pilot360® features, including Speed Sign Recognition, Intelligent Adaptive Cruise Control with Stop-and-Go and Lane Centering Assist.
- ▶ Immersive digital cockpit inspired by fighter jets features two large customizable digital displays while Ford Power-Up software updates create an upgradeable ownership experience.

SCAN HERE

Escape

SHAKING UP THE SEGMENT WITH VERSATILITY

- ▶ With a sporty, versatile design, Escape rides boldly into the fiercely competitive small SUV market. Escape offers style, capability and flexibility.
- ▶ Ford Co-Pilot360® Technology offers several driver-assist features designed to help you feel more confident on the road. These include Pre-Collision Assist, Auto High-Beam Headlamps, Lane-Keeping System and rear view camera.
- ▶ Access complimentary remote features, like start/stop, lock/unlock, schedule a start, locate vehicle and vehicle status check on the FordPass® App when your vehicle is equipped with FordPass Connect™.

SCAN HERE

Bronco Sport

WANDERERS UNITE

- Bronco Sport wears a name that stands for off-road adventure. Equipped with 4x4 capability, rugged design and exceptional utility, Bronco Sport provides the composure needed to perform well on all road conditions and the toughness to tackle the backwood trails.
- Pre-Collision Assist with Automatic Emergency Braking (AEB) scans the road ahead and can alert you to potential collisions with vehicles or pedestrians detected in your path.
- Technology improves the Bronco Sport experience on roads and off. All Bronco Sport models feature Ford Co-Pilot360® Technology to help keep drivers aware of their surroundings. Available Trail Control allows drivers to focus on steering in rugged off-road environments.

SCAN HERE

Bronco

THE OFF-ROAD LEGEND

- Bronco 2-door and Bronco 4-door models provide rugged 4x4 capability, personalization and a celebration of the outdoor lifestyle with removable roof and doors.
- The tough-tested Bronco brings more than a purposeful, uncompromising, Built Wild design—it also endures the same Built Ford Tough® testing regimen as an F-Series pickup.
- Bronco has the technology to help its owners drive confidently both on the road and off. Every Bronco includes Ford Co-Pilot360® Technology, 4G LTE Wi-Fi hotspot and SYNC® 4. Plus, an available trail mapping navigation system includes more than 1,000 curated trail maps.

SCAN HERE

Explorer

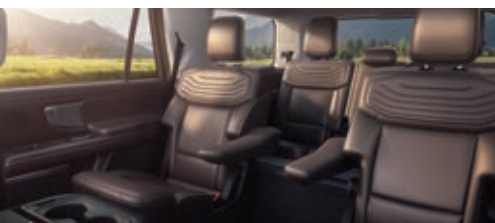

IT'S ALL IN THE NAME

- The Ford Explorer has an array of capability-enhancing features. From RWD and a 10-speed transmission to the available 3.0L EcoBoost® engine and available Intelligent 4WD with Terrain Management System™.
- Post-Collision Braking, standard on all Explorer trim levels, can potentially lessen the severity of a secondary collision by automatically applying moderate brake pressure when an initial collision is detected.
- Equipped with plenty of smart and capable features to prepare you for almost any adventure. Ford Co-Pilot360® technology offers a lineup of available driver-assist features designed to enhance your driving experience.

SCAN HERE

Expedition

THE ULTIMATE FAMILY VEHICLE

- Expedition can be whatever vehicle that suits your needs—whether it's a traditional large utility, a luxury SUV, a 4x4 adventure vehicle with the new Tremor series or a performance SUV capable of producing 440 horsepower with the Stealth Performance Edition Package.
- Inside, the interior features a reimagined instrument panel design and soft-touch features. The all-new 24-inch panoramic display in Expedition enables the driver to personalize their view.
- This full-size SUV is designed to deliver the capabilities you and your crew need. Comfortably accommodate up to eight passengers while hauling an impressive amount of cargo.

SCAN HERE

Maverick

A FLEXIBLE TRUCK FOR ACTIVE LIVES

- This Built Ford Tough® truck offers an exceptional, targeted EPA-estimated 40 MPG city, 1,500-lb standard payload capacity, 2,000-lb base towing capacity and available 4,000-lb max towing capacity, plus a 4.5-ft bed.
- Safe travels begin with AdvanceTrac with Roll Stability Control (RSC) and the standard Tire Pressure Monitoring System (TPMS) that alerts the driver when any of the four tires loses air pressure.
- Enjoy a 4G LTE in-vehicle Wi-Fi hotspot, powered by AT&T. Up to 10 devices can connect at once and FordPass® keeps track of your Wi-Fi data usage.

SCAN HERE

Ranger

TOUGH-TESTED AND READY FOR EPIC ADVENTURES

- The standard 2.3-liter EcoBoost produces 270 horsepower and 310 lb.-ft. of torque, and supports a maximum towing capacity of 7,500 pounds. 2.7-liter EcoBoost V6 engine will be offered to provide more power when towing, passing and off-roading.
- There are 31 available driver assist features for Ranger such as Pro Trailer Backup Assist, Adaptive Cruise Control, Active Park Assist 2.0 and more.
- As a segment disrupter, the Uconnect® 5 system with a massive 12-inch touchscreen leads the segment in technology, featuring split-screen capability, 360-degree camera views and content from the interior experience starts with a standard 8 or 12.4-inch digital instrument cluster and Ford's SYNC 4A system.

SCAN HERE

F-150

BUILT FORD TOUGH TO CONQUER LIFE'S CHALLENGES

- F-150 performance and capability starts with an impressive powertrain lineup, including the 3.5L PowerBoost Full Hybrid V6 with 430 horsepower and 570 lb.-ft. of torque, 2,445-lb. max payload and 13,500-lb. max towing ratings.
- Safety is an essential ingredient in every F-150 with features such as: AdvanceTrac with RSC (Roll Stability Control), Curve Control and Individual Trailer Tire Pressure Monitoring System (TPMS).
- F-150 is capable and intelligent, with the following connectivity features and advanced driver assistance systems: 360-Degree Camera and Lane Centering.

SCAN HERE

Super Duty

DELIVERING POWER AND CAPABILITY

- Super Duty® has a bold new appearance and features to help get the job done with more confidence behind the capability. Newly available Tow Technology and 360-Degree Camera Packages simplify the towing experience.
- Blind Spot Information System with Trailer Coverage will make changing lanes with a trailer less stressful. It will notify you when a car is in your blindspot and when a car is next to your trailer.
- Super Duty® has a 12-inch touchscreen with enhanced voice recognition (to stay focused on the road), cloud-based connectivity and so much more to bring you a seamless and personalized driving experience.

SCAN HERE

Transit

YOUR TRUSTED BUSINESS PARTNER

- Ford Transit Cargo Van offers plenty of cargo space. You can choose from three lengths, three roof heights and two wheelbases. There is also plenty of storage for tools, supplies, equipment and more.
- Transit offers Safety Canopy® side-curtain airbags for the Crew Van and side-wind stabilization, which is designed to counteract lateral movement when a gust of wind hits the van on the road.
- Ford Co-Pilot360® Technology is standard on Transit Vans, including the Lane-Keeping System and Pre-Collision Assist with Automatic Emergency Braking (AEB).

SCAN HERE

Mustang Mach-E

FULLY ELECTRIC SUV THAT CONTINUES THE MUSTANG LEGACY

- The Mustang Mach-E GT model achieves a 0-60 mph time of 3.8 seconds. Select and Premium models offer an EPA-estimated range of 250-320 miles.
- BlueOval Charge Network is the largest public charging network in North America, having access to the Tesla Supercharger network with over 15,000 fast chargers.
- Ford Connectivity Package includes 5G Wi-Fi hotspot, navigation, streaming and entertainment.

Exclusive Benefits for U.S. Military and DoD

CERTIFIED Pre-Owned

The Most Comprehensive Pre-Owned Car-Buying Program

Industry-Best Warranty

Best-in-class protection. **5-year/100,000 mile** limited powertrain and **12-months/12,000 mile** comprehensive warranty valid worldwide.

172-Point Inspection

From the engine to the tire treads and 170 points in between, our vehicles are inspected to give you the peace of mind.

Buy-Back Pledge*

We're here for you long after you take delivery of your car. When you're ready to sell, we'll make an offer to buy it back.

Recall Verification

We follow strict protocols to check open recalls when we receive a vehicle, and again before it's delivered.

CARFAX® Report

All vehicles come with a CARFAX—the go-to resource for vehicle history.

Roadside Assistance*

All Certified Pre-Owned vehicles come with 12 months of roadside assistance and towing.

**Get the price, service and selection you deserve from the only
DoD and Exchange authorized car-buying program.**

Atlas

THREE ROWS OF SOPHISTICATION

- The Atlas has three rows, seating up to seven passengers and is not only family-friendly, but handsomely designed. The Atlas ranks #1 for lowest cost of maintenance in the mid-size SUV segment.
- There is no shortage of driver-assistance technology in the Atlas. It is also well-connected and ready to entertain with a six-speaker sound system, wireless phone charging and six USB-C ports with 45 watts of charging power.
- The Atlas comes standard with front-wheel drive or optional AWD, and a variety of trims. The Atlas is comfortable, spacious and can accommodate just about anything a suburban family can throw at it.

Atlas Cross Sport

A SPORTY SUV WITH STYLE

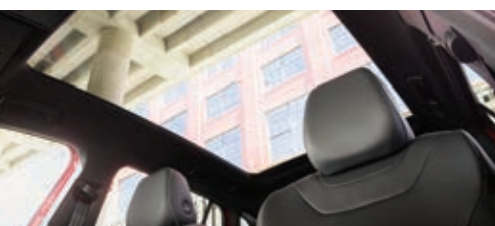

- The five-seat Cross Sport has a unique stylistic twist with a coupe-like design, yet has all of the comforts, space and fuel efficiency of an Atlas. The eight-speed automatic transmission and optional front or all-wheel drive provide a comfortable, quiet ride and an impressive amount of standard equipment.
- Equipped with its suite of IQ.DRIVE driver assistance tech, the Cross Sport includes numerous safety features like forward-collision warning, blind-spot monitoring and optional head-up display.
- This spacious mid-size SUV has heated and ventilated front seats, a heated steering wheel and plenty of info tech. With ample legroom for second-row passengers, everyone will ride in comfort and style.

ID.4

MAKE A STATEMENT

- This electrified VW is an affordable, spacious and modern option for drivers looking to go gas-free. The clean lines, refined ride quality and improved charging times are only a few of the ID.4's best-selling features. And the ID.4 will take you further. All-wheel drive trims delivered a real-world range of 240 miles.
- The ID.4 is easy-going, fun to drive and is loaded with driver-safety features including lane-departure warning, automated braking and adaptive cruise control.
- The contemporary interior of the ID.4 offers high-tech features like heated front seats, navigation and a 12.0-inch infotainment touchscreen. Comfortable seats and generous cargo space provide functionality and accessibility that will transform how you think about electric vehicles.

Sport & Adventure Touring

Sportster® S

Pan America® 1250 Special

Nightster®

BORN TO OUTPERFORM, ENGINEERED TO THRILL

- The Sportster® S delivers modern performance, while the Nightster® honors its heritage with classic styling and includes a vintage tank medallion, paying tribute to the original design.
- Go anywhere and everywhere on the Pan America® 1250 Special! It has a tall, upright stance, strikingly bold bodywork, and a unique presence that is undeniably Harley-Davidson.
- All Sport and Adventure Touring bikes are equipped with a Revolution® Max Engine. Most Sport bikes feature the 975T engine, while adventure bikes come with a 1250 engine.

Cruiser

Street Bob® 114

Low Rider® ST

Fat Boy® 114

AUTHENTIC HERITAGE MEETS MODERN TECHNOLOGY

- Cruisers are for riders seeking a blend of classic style, sport bike agility, handling and powerful performance with a Milwaukee-Eight® 117 Engine found in available models.
- There's nothing better than your bike doing all the work and allowing you to enjoy the views with Electronic Cruise Control. It will save you from speeding and allow you to embrace true riding bliss.
- Some Cruisers even feature sophisticated suspension technology, offering the performance of a racing-style cartridge fork. This reduces weight while providing linear damping characteristics for a smoother ride.
